Assistant Director for Personnel Management
National Security Agency
Fort George G. Meade, Maryland 20755

STATINTL

Dear [Redacted]

A short note to thank you, the members of your staff and the other NSA representatives who made our visit last Friday so instructive. Quite obviously much good thought has gone into the career training and recruiting activities described--with enthusiastic and capable people behind the efforts. Please extend my thanks to all concerned for a most informative session. The kind invitations for follow-up working sessions as we move further in our own ADP developmental work will be gratefully accepted.
